Train the Trainers Course	Train the Trainers Course	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	c4c Teachers and people involved in the development of c4c e-learning courses.	UNRESTRICTED	participants can complete the course whenever, until the ending date	2 hours	<a href="https://conect4children.org/academy-ttt/">https://conect4children.org/academy-ttt/</a>
GCP Courses	"Paediatric GCP basic online training course" (5th edition)	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	Healthcare professionals involved in clinical trials regarding neonates, children and adolescents.	UNRESTRICTED	participants can complete the course whenever, until the ending date	4,5 hours	<a href="https://conect4children.org/academy-gcp/">https://conect4children.org/academy-gcp/</a>
Short Thematic Courses	"Monitoring"	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	Trial managers, study coordinators, monitors, data managers and hospital administrative personnel involved in clinical trials start up and management.	UNRESTRICTED	participants can complete the course whenever, until the ending date	3 hours	<a href="https://conect4children.org/academy-monitoring/">https://conect4children.org/academy-monitoring/</a>
	"Trial Start Up"	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	Trial managers, study coordinators, monitors, data managers and hospital administrative personnel involved in clinical trials start up and management	UNRESTRICTED	participants can complete the course whenever, until the ending date	3 hours	<a href="https://conect4children.org/academy-trial-start-up/">https://conect4children.org/academy-trial-start-up/</a>
	Concept of Paediatric Investigation Plans (PIP) Course	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	All c4c Professionals involved in clinical research	UNRESTRICTED	participants can complete the course whenever, until the ending date	20 minutes	<a href="https://conect4children.org/academy-pip/">https://conect4children.org/academy-pip/</a>
	An Introduction to Innovative Clinical Trial Design	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	Anyone interested in learning about the wide variety of clinical trial designs that could be used for a given study. It will be targeted in particular at study investigators, providing a wide-ranging overview of complex designs that can be particularly helpful for enhancing trial efficiency.	UNRESTRICTED	participants can complete the course whenever, until the ending date	7 hours	<a href="https://conect4children.org/academy-innov-design/">https://conect4children.org/academy-innov-design/</a>
	Practical tips for setting up gene therapy trials – an 'Institutional Readiness' framework	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	Members of staff involved in setting up and delivering clinical trials at sites that are interested in gene therapy, including but not limited to, Principal Investigators, Clinical Trial Coordinators and Research Nurses.	UNRESTRICTED	participants can complete the course whenever, until the ending date	2,5 hours	<a href="https://conect4children.org/academy-genetherapy/">https://conect4children.org/academy-genetherapy/</a>
	c4c Information System	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	30 APRIL 2024	ONGOING	30 APRIL 2024	Users from national hubs, to allow them to send/receive requests to the SPoC team through the c4c Information System.	UNRESTRICTED	participants can complete the course whenever, until the ending date	1 hour	<a href="https://conect4children.org/academy-c4cinfosys/">https://conect4children.org/academy-c4cinfosys/</a>
Family and patients involvement Courses	Children, young patients and parents involvement in the design of clinical research -4th Edition	NOT INTERACTIVE (lessons are fully held asynchronously)	ONGOING	ONGOING - ENROLMENT ALWAYS OPEN	OPEN	ONGOING	OPEN	Principal investigators of clinical trials and other related personnel (research nurses, study coordinators, etc); Patient and Public Involvement (PPI) liaisons of the National Hubs	UNRESTRICTED	participants can complete the course whenever, until the ending date	3 hours	<a href="https://conect4children.org/academy-fp-2/">https://conect4children.org/academy-fp-2/</a>
Advanced Courses	Advanced Course on Paediatric Clinical Trials and Paediatric Drug Development - First regular Edition	INTERACTIVE COURSE	OPENING SOON	OPENS ON 14 JUNE 2022	31 AUGUST, 2022	12 SEPTEMBER, 2022	27 APRIL, 2023	Health care professionals involved in clinical trials about the scientific, methodological and practical issues involved in the design, conduct, analysis, management and reporting of clinical trials, conducted in the paediatric population, providing also competences about paediatric pharmacology, drug development and evaluation, as well as about regulatory requirements for the use of medicines in the paediatric population	50 (2 places for PT NH)	8 months	92 hours	<a href="https://conect4children.org/academy-advcour/">https://conect4children.org/academy-advcour/</a>
